SEMINAR PARTICIPANT GUIDELINES

The SEMINAR ON STRATEGY FOR ARTIST-ENDOWED FOUNDATION LEADERS, presented by the Aspen Institute Artist-Endowed Foundations Initiative (AEFI) in collaboration with University of Miami School of Law (UMSL), supports the professional development of individuals who currently have, or will have, policy-setting and leadership responsibilities for artist-endowed foundations — directors, officers, trustees, board members, senior staff. The Seminar is based on findings of AEFI’s National Study of Artist-Endowed Foundations and subsequent research publications, viewable at www.aspeninstitute.org/aefi, and focuses specifically on the strategic concerns of leaders entering the field. By building the capacity of its leaders, the Seminar advances AEFI’s mission to strengthen the charitable impact of the emerging artist-endowed foundation field. The following participant guidelines support that mission. In applying to participate in the Seminar, all participants have agreed to comply with these guidelines.

Educational Acknowledgment
All AEFI programs, including the Seminar, are strictly educational and informational in nature and do not purport to provide legal advice or professional guidance to particular individuals, organizations, or situations. Seminar participants acknowledge that the Seminar and the institutions, practitioners, and scholars serving as hosts, sponsors, presenters, and speakers, are providing educational and informational content only and are not providing legal advice or professional guidance, and that Seminar participants are responsible for securing the qualified legal and professional advice required by themselves and their organizations.

Full Participation
The Seminar’s goal is that participants will use this opportunity to build their knowledge about artist-endowed foundations broadly, so that in addition to achieving success in their particular leadership positions, they also will play a productive role in the artist-endowed foundation field at large, for example as board members, advisory committee members, etc. Attendance at, and full participation in, all Seminar sessions and events, which is necessary to develop this knowledge, is required.

Code of Conduct
Seminar participants will conduct themselves in a respectful and professional manner, bringing credit to their organization, the Seminar, and the Seminar’s presenters, hosts, and sponsors. In addition, to ensure the frank commentary essential for collegial learning, all presentations and discussions occurring during Seminar sessions are confidential, unless specifically indicated otherwise. If there is doubt on this point, participants are obliged to ask for clarification at the time. In applying to participate in the Seminar, participants have agreed to abide by this rule.

Non-Solicitation
The Seminar is a non-solicitation environment.

Photo Release
AEFI and UMSL will on occasion use photographs of Seminar participants in AEFI’s and UMSL’s educational and informational materials, including on AEFI’s webpage (www.aspeninstitute.org/aefi) and UMSL’s webpage (www.law.miami.edu). All participants, in applying to participate in the Seminar, acknowledge that they may be photographed and that the photographs may be used in AEFI’s and UMSL’s educational and information materials.

Seminar Participant List
To facilitate collegial exchange, Seminar participants will be provided a list of fellow participants and their contact information. This list is to be used solely by the participant and exclusively to contact other participants and is not to be shared, distributed, or used in any other way.

Conducting Research, Publication, and Knowledge-Sharing Programs to Strengthen the Charitable Impact of the Emerging Artist-Endowed Foundation Field

AEFI OVERVIEW

The genesis of AEFI was what is now its principal research component — the Aspen Institute’s National Study of Artist-Endowed Foundations — which was initiated in 2007 with the support of a donor consortium led by the Pollock-Krasner Foundation, Roy Lichtenstein Foundation, and Andy Warhol Foundation for the Visual Arts, and including major arts funders such as the Ford Foundation and Getty Foundation. These donors saw the potential of this young field to substantially expand the nation’s cultural philanthropy resources. They also recognized the field’s growing role in artistic heritage stewardship. Responding to numerous requests for information from individuals considering or charged with foundation creation, and understanding the complexity of the task, these donors determined it was time to support a project to document and disseminate effective practices.

As it has been since its inception, AEFI’s mission is to help the next generation of artist-endowed foundations make the most of their founders’ generosity in service to a charitable purpose. It aims to strengthen this next generation, and optimize its charitable capacity, by filling the significant information gap facing individuals involved in creating, leading, governing, and advising foundations. By shortening the steep learning curve inherent in these distinctively endowed entities, AEFI helps ensure that charitable resources can be spent on charitable purposes, not costly lessons. To this end, AEFI conducts ongoing programs to develop and share knowledge with key audiences. These programs and their participants include:

- **Research and Publications** — The Aspen Institute’s National Study of Artist-Endowed Foundations, regular Study Report Supplements and Updates, briefing papers on critical issues, and targeted publications, such as *A Reading Guide to the Study Report for Artists and Their Family Members*. These resources are used by artists, artists’ families, associates and advisors, foundation leaders, policymakers, journalists, scholars, educators, and students.
• **Knowledge-Sharing Events** — Workshops for potential foundation creators, including artists and their spouses/partners, and artists' surviving spouses and heirs; briefing sessions for foundation advisors, including attorneys, art dealers, investment advisors, and accountants, hosted by local and national professional associations; and public panel discussions for members of the art, museum, philanthropy, education, and media fields, and for interested public audiences, hosted by leading cultural institutions, including The Museum of Modern Art, New York; Los Angeles County Museum of Art; Harvard Art Museums, Cambridge; Fine Arts Museums of San Francisco; Graham Foundation for Advanced Studies in the Visual Arts, Chicago; and the Clark Art Institute, Williamstown, among others.

• **Leadership Programs** — The Seminar on Strategy for Artist-Endowed Foundation Leaders, assisting the professional development of foundation leaders as they enter the field or refresh their practice, and the Artist-Endowed Foundation Leadership Forum, convening foundation leaders, field experts, and thought leaders to examine and discuss critical issues and important innovations in policy and practice that are influencing the field.

Christine J. Vincent leads AEFI in the role of Project Director. She is a seasoned foundation executive and education leader who served formerly as Deputy Director, Media, Arts and Culture, at the Ford Foundation and as President, Maine College of Art. Stephen K. Urice, Professor of Law, University of Miami School of Law, serves as AEFI Academic Advisor. He is a nationally recognized expert on the legal dimensions of cultural policy, museum administration, cultural heritage preservation, cultural philanthropy, and trusts and estates. AEFI’s work is informed by a group of esteemed advisors whose members include prominent practitioners and scholars in the arts and culture, museum, philanthropy, public policy, law, and education fields. Charles C. Bergman, Chairman and CEO, the Pollock-Krasner Foundation, is Honorary Chair, AEFI Advisors. AEFI’s work is supported by the staff and colleagues of the Aspen Institute Program on Philanthropy and Social Innovation; by the staff and colleagues of its collaborating partner, University of Miami School of Law; and by the staff and colleagues of the many cultural and educational institutions and artist-endowed foundations who partner with AEFI to realize its programs.

U.S. TRUST

ARIS TITLE INSURANCE CORPORATION. ARIS is the world’s leading art title insurer, the only market-neutral, government-regulated entity managing transaction risk by guaranteeing clear legal ownership of art, cultural objects, and high-value collectibles. Headquartered in New York, it is a U.S. subsidiary of NASDAQ-traded Argo Group (AGII).

By writing title insurance, a form of insurance originated in the real estate industry, exclusively for the global art industry, ARIS assists each of the market’s stakeholders — from artists and their estates, collectors, museums, foundations, and the traditional art trade, to the capital markets monetizing this asset class, as well as governments focused on trade regulation, cultural heritage protection, money laundering, and terrorist financing via looted cultural objects.

ARIS has also taken the lead in solving the art industry’s authenticity risk, often interrelated with title risk, through its support for the Global Center of Innovation for the i2M Standards, an independent, public-private partnership developing the first-ever systemic technology solutions. i2M is an “intelligent integral mark” applied to identify artworks accurately when they are created, or at a defined point of intervention for today’s secondary market works. For primary sales, i2M removes future questions about whether the work is an authentic work by the attributed artist, and for the secondary market, i2M ensures that the identified work is the same work earlier considered authentic.
