Enabling a Cleaner Energy Future

Bryan Hannegan, Ph.D.
President and CEO, Holy Cross Energy
About Holy Cross Energy

$120 million revenue
160 employees
240 MW peak demand

60,000 meters
3,000 miles of distribution
120 miles of transmission
We’re Making Progress…

>40% reduction in GHG emissions since 2012
Accelerated by New Technologies...

**Solar PV: Utility-Scale**

- Median Utility-Scale PV Installed Cost
- Total Capacity

**Solar PV: Distributed**

- Average Distributed PV Installed Cost
- Total Capacity

**Electric Vehicles**

- Modeled Battery Costs
- Cumulative EV Sales

**LEDs**

- LED A-Type Cost
- Total LED A-Type Bulb Installations
Changing How We Operate the Grid...
Making It Much More Complicated…
Forcing a Rethink of Business Models...
And Creating New Opportunities!
So What’s a Power Utility to Do?
