Vietnam—Funds appropriated under the heading “Economic Support Fund” shall be made available for remediation of dioxin contaminated sites in Vietnam and may be made available for assistance for the Government of Vietnam, including the military, for such purposes and funds under the heading “Development Assistance” shall be made available for related health/disability activities.”

Vietnam—The conferees recommend not less than $5,000,000 under this heading to be made available for health/disability activities in areas in Vietnam that were targeted with Agent Orange or remain contaminated with dioxin. The conferees endorse Senate report language on consultation and the development of a multi-year plan.”

Vietnam—The conferees recommend not less than $15,000,000 for environmental remediation of dioxin contamination at the Da Nang and Bien Hoa airports and other severely contaminated sites.”

“Vietnam—The Committee directs USAID, in consultation with the Committee, the Department of State, the Government of Vietnam, and other interested parties, to develop, within 180 days after enactment of this act, a comprehensive, multiyear plan for Agent Orange-related activities in Vietnam and urges the administration to include funding in future budget requests to support it. USAID is to consult with the Committee prior to the obligation of funds.”
